Jarome Davy Garden Services

Overview

Jarome Davy Garden Services is an Aboriginal-owned and operated business and a proud NTIBN (National Traditional Indigenous Business Network) certified company, we hold a deep commitment to cultural heritage and uphold the highest standards of quality, integrity, and respect.

At Jarome Davy Garden Services, we combine our extensive horticulture experience with a profound understanding of Aboriginal heritage to deliver exceptional services that honour the land and connect people with nature.

Who We Are

At Jarome Davy Garden Services, we believe that gardens are a living testament to cultural heritage and have the power to transform spaces and uplift communities.

We infuse our services with a deep respect for Aboriginal traditions. Through our commitment to cultural heritage, we create gardens that not only beautify but also honour the land and the people who have cherished it for generations.

Jarome Davy

With a passion for preserving the natural environment and a deep appreciation for his cultural heritage, Jarome Davy is dedicated to providing gardening services that harmonize with the local ecosystem.

His commitment to preserving native plants and showcasing the unique flora of Central Australia reflects their cultural importance and ecological significance.

As an Aboriginal-owned business, Jarome bridges traditional knowledge with modern practices, emphasizing sustainability in the local ecosystem.

Experience the transformative power of eco-friendly gardens with Jarome Davy.

What We Offer

Specialist in Native Plants in Arid Environments

With over a decade of horticulture experience, including seven years specializing in gardening practice, Jarome Davy and our knowledgeable team are experts in working with native plants in arid environments. We understand the unique challenges and opportunities presented by Central Australia's climate and have honed our skills to create thriving gardens that perfectly suit the region.

Water Conservation and Irrigation Experts

Recognizing the importance of water conservation in the Australian outback, we prioritize designing and implementing efficient irrigation systems. Leveraging our expertise and experience, we employ smart watering techniques, rainwater harvesting, and drip irrigation methods to minimize water usage while ensuring your garden remains healthy and vibrant.

Experience at Olive Pink Botanic Gardens

Jarome Davy's four-year tenure at the esteemed Olive Pink Botanic Gardens has enriched our team's understanding of the diverse flora of the region. This experience has deepened our expertise in arid zone gardens, allowing us to create captivating landscapes that thrive in Alice Springs' unique climatic conditions.

Olive Pink Botanic Garden is Australia's only arid zone botanic garden, located near Alice Springs. Spread across 16 hectares, it showcases over 500 native Central Australian plant species. The garden features desert habitats, interpretive materials, self-guided walks, and preserved original plantings from its founder, Miss Olive Muriel Pink.

Commitment to Cultural Heritage

At Jarome Davy Garden Services, we celebrate and honour the cultural heritage of the land we work on. Our commitment to cultural heritage infuses every aspect of our services respecting and preserving the sacred sites and practices of Aboriginal communities. We strive to create gardens that not only beautify but also pay homage to the rich history and traditions of the land.
